Built as a country residence by Duke Albrecht III in the 1430th the Blutenburg castle on the river Würm still reflects 15th-century atmosphere. Located in the west of Munich is far less crowded however not less picturesque than its famous neighbor the Nymphenburg palace. Through the whole year the moated castle with its spacious bailey attracts attention of many visitors. It is a perfect place for concerts, craft markets, weddings and other festivities.

We hope, that the idyllic atmosphere in- and outside the castle walls together with traditional and international culinary delights will make this evening a memorable gala dinner experience.

We will provide a **bus transport to the gala dinner and back**. The bus will leave the conference cite at **18:00** and **will also stop** at the **S-Bahn station Neubiberg, U-Bahn station Neuperlach Süd** and **guest house**. The bus from the gala dinner will leave at 23:00.
